

CONTENTS OF MECCANO (continued)

SET	1	1x	2	2x	3	3x	4	4x	5	No.	DESCRIPTION	No.	5x	6	6x	7	7x	8	8x	9	10	Gears	Mechanisms		
										90	Curved Strip, 2 1/2" x 1 1/2" radius	90						2		2		12			
										90a	" " Stepped 2 1/2" x 1 1/2"	90a			4			2		2		8			
										94	Sprocket Chain, 40" length	94						4		1		3			
										95	Sprocket Wheel, 2" diameter, 36 teeth with 1/16" bolt	95								2		2			
										95a	" " 1 1/2" " 28 " " setscrew	95a									2				
										95b	" " 1 1/2" " 56 " " 3/16" bolt	95b									2				
										96	" " 1 1/2" " 18 " " grub screw	96									2				
										96a	" " 1 1/2" " 14 " " " "	96a								2					
										99	Braced Girder, 12 1/2" x 5 1/2"	99	2	2				2		1	2		1		
										100	" " " " " "	100										2			
										102	Single Bent Strip	102										4			
										103	Flat Firder, 9 1/2" x 5 1/2"	103										4			
										103a	" " 12 1/2" x 9 1/2"	103a										4			
										103b	" " 12 1/2" x 4 1/2"	103b										4			
										103c	" " 12 1/2" x 4 1/2"	103c										2			
										103d	" " 12 1/2" x 3 1/2"	103d										2			
										103e	" " 12 1/2" x 3 1/2"	103e										2			
										103f	" " 12 1/2" x 2 1/2"	103f										4			
										103g	" " 12 1/2" x 2 1/2"	103g										4			
										103h	" " 12 1/2" x 1 1/2"	103h										4			
										103i	" " 12 1/2" x 1 1/2"	103i										4			
										103j	" " 12 1/2" x 1 1/2"	103j										4			
										103k	" " 12 1/2" x 1 1/2"	103k										4			
										108	Corner Gusset	108										2			
										109	Face Plate, 2 1/2" diameter with set screw	109									2				
										110a	Rack Strip, 6 1/2" x 1 1/2"	110a									2				
										111	Bolt, 1 1/2" x 1 1/2"	111									2				
										111a	" " " " " "	111a	2	4						2		3			
										111b	" " " " " "	111b								2		6			
										111c	" " " " " "	111c									2				
										111d	" " " " " "	111d									2				
										114	Hinge	114										2			
										115	Threaded Pin	115	1	1							2				
										115a	" " Long	115a									2				
										116	Fork Piece, Large with grub screw	116									1				
										116a	" " Small	116a									1				
										118	Hub Disc, 5 1/2" diameter	118										2			
										120b	Compression Spring, 1/2" long	120b									2				
										124	Reversed Angle Bracket, 1" x 1"	124									4				
										125	" " " " " "	125	2	4							4				
										126	Trunnion	126									2		8		
										126a	Flat Trunnion	126a			2	2					4		4		
										128	Bell Crank, with boss and grub screw	128										2			
										130	Eccentric, Triple Throw, 1/2" x 1/2" with grub screw	130										2			
										130a	" " Single	130a										2			
										133	Corner Bracket, 1 1/2" x 1 1/2"	133													
										133a	Corner Bracket, 1" x 1"	133a													
										134	Crankshaft, 1" stroke	134													
										136	Handrail Support with grub screw	136													
										136a	" " " " " "	136a													
										137	Wheel Flange	137													
										140	Universal Coupling with grub screws	140										2			
										142a	Motor Tyre to fit 2" diameter rim	142a								4		4			
										142b	" " " " 3"	142b										6			
										142c	" " " " 1"	142c			4					4		4			
										143	Circular Girder, 5 1/2" diameter	143										2			
										144	Dog Clutch with grub screws	144										1			
										145	Circular Strip, 7 1/2" diameter overall	145										4			
										146	Circular Plate, 6" diameter	146										2			
										146a	" " " " 4"	146a										2			
										147a	Pawl	147a										2			
										147b	Pivot Bolt, with two nuts	147b	1	1						1		1			
										147c	Pawl, without boss	147c										2			
										148	Ratchet Wheel with grub screw	148										1			
										154a	Corner Angle Bracket, 1/2" R.H.	154a													
										154b	" " " " L.H.	154b													
										155	Rubber Ring, for 1" Pulley	155			2					2		2			
										157	Fan, 2" diameter with grub screw	157										1			
										160	Channel Bearing, 1 1/2" x 1" x 1"	160										2			
										161	Girder Bracket, 2 1/2" x 1" x 1"	161										2			
										162	Boiler, complete, 5" long x 2 1/2" diameter	162													
										162a	Boiler End, 2 1/2" diameter x 1"	162a													
										162b	Boiler without ends	162b													
										163	Sleeve Piece, 1 1/2" long x 1/2" diameter	163										2			
										164	Chimney Adaptor, 3/4" diameter x 1/2" high	164						1	1		2		2		
										165	Swivel Bearing with grub screw	165										2			
										166	End Bearing with grub screw	166										2			
										167b	Flanged Ring, 9/16" diameter	167b										1			
										168	Ball Thrust Bearing, 4" diameter	168													
										168d	Ball, 1/2" diameter	168d													
										171	Socket Coupling with grub screw	171										1			
										173a	Adaptor for Screwed Rod	173a										1			
										175	Flexible Coupling Unit	175													
										176	Anchoring Spring for Cord	176			1		1	1			2		2		
										179	Rod Socket with grub screw	179													
										185	Steering Wheel, 1 1/2" diameter with grub screw	185										1			
										186	Driving Band, 2 1/2" Light	186			1		1	2			3		3		
										186a	" " 6"	186a			1		1	2			3		3		
										186b	" " 10"	186b			1		1	1		2		2			
										186c	" " 10" Heavy	186c										2			
										186d	" " 15"	186d										2			
										186e	" " 20"	186e										2			
										187	Road Wheel, 2 1/2" diameter with set screw	187			4		4		4		4		6
